- Regional Detention Pond Update
 - The project had been delayed because of crops and weather. They were able to get the information from Schneider so they can go in and get the calculations.
 - A possible developer titled Westport has said they would help defray the cost of the pond.
 - D. Cline inquired if there was a discussion about the development of the pond with the Town.
 - R. Snyder stated that the developer has been through a couple of meetings.
 - J. Dwire stated that they should come to the Storm Water Board at a later date with information on the pond.
 - J. Dwire inquired if the developer would hold up our plans for the Regional Detention Pond.
 - S. Snyder stated it shouldn't because in order to make the project work for a detention their project would have to drain into our Regional Detention Pond so they should be attending a meeting in the near future.
