Ordinance 2022-12, Bond Ordinance for Patch Project

- S. Watson stated the Ordinance 2022-12 was presented at the last Town Council meeting on October 11th and passed through 1st reading. Looking for adoption of Ordinance today.
- R. Hill inquired if the amount of the bond stayed the same. S. Watson stated nothing changed.
- D. Hawkins – Inquired if the changes were made to amend some of the sections pertaining to the Town Manager? S. Watson stated the revisions have been made to section 7 and section 8, adding reference to the Town Manager as being part of the authorization of the finance and project agreements.
- D. Hawkins wanted to be on record stating that after having conversation with counsel and with Andrew Greenwood, everybody knows that I have been for the project but against the financing. The financing and project have been approved by the Council, so therefore I will try to begin to encourage the growth of the town with this in the hopes it would prosper and be on a more positive level with it.
- L. Fleury made a motion to approve Ordinance 2022-12. R. Hill seconded the motion.
